

Final Examination Policy

1. Purpose

To ensure examinations are conducted in a systematic, secure and consistent manner.

2. Application

This policy applies to all examinations conducted at the end of each semester.

3. Policy Statement

The demonstration of academic learning is an integral component of the student learning experience. Equally, the quality of that experience is influenced by the learning environment. The integrity of the assessment process is central to both the quality of the learning experience and the integrity of the process. SIBT has a commitment to both their students and the wider community to ensure their processes are equitable, fair and transparent. This is especially the case in relation to the use of final examinations in the assessment of student learning.

4. Policy

A final examination is one form of assessment that provides an opportunity for a student to demonstrate that they have met some or all of the learning outcomes of a unit.

This Policy does not prescribe the use of a final examination. However, should a final examination be set, it must be conducted in accordance with this policy.

The examination papers for all diploma and foundation units examination papers will be moderated as per the Moderation of Assessment Policy.

5. Timetable

SIBT will publish the dates of each final examination period for each study period.

Final examinations will not be held before the start date of the final examination period.

SIBT will keep available the final day of the final examination period for final examinations that need to be rescheduled.

Each student will be responsible for:

- checking the final examination timetable;
- adhering to the final examination timetable; and
- ensuring they are available for the full duration of the final examination period.

6. Quality Assurance

Details of the structure and format of the final examination paper will be made available to students prior to the start of the final examination period. This detail will include:

- a copy of the examination coversheet, giving the conditions under which the examination will be held on-line on the SIBT Learning Management System;
- information on the types of questions the examination will contain; and
- an indication of the unit content the paper will examine.

Example questions of the kind to be encountered in the final examination will also be provided to students to aid the revision process on-line. These must be representative both of the content of the current offering and of the style of question in the final examination paper. Where appropriate, these may be taken from the final examination paper for a previous offering of the unit. Possible correct answers to these kinds of questions will be discussed, and guidance on how to answer questions of the style given will be provided.

Where a unit includes in-unit tests, quizzes, supplementary examinations and practical assessments they will follow the Final Examination Policy, as much as is practicable.

7. Format

A standard cover page will be used on all final examination papers.

The cover page will be written in English.

8. Duration

The maximum duration of a final examination will be three hours (excluding reading time).

A maximum of ten minutes reading time may be allowed at the beginning of each final examination.

If the start time of a final examination is delayed for any reason, the concluding time of the examination may only be extended by the amount of the delay.

If a final examination is disrupted for any reason, the examination may be:

- continued, with an adjustment made up to the length of the disruption;
- considered completed, with the examination scripts marked; or
- abandoned and rescheduled (to the last day of the official final examination period where possible). Students will be informed of the rescheduled exam date within one working day. Special consideration is not necessary in this case.

9. Conduct

Where sufficient notice has been provided, SIBT will cater for students with a disability or other special needs to ensure fairness and equality of opportunity for all students.

There will be a Final Examination Supervisor in charge at every final examination.
